

PASS Supporting Nonprofit That Supports Feds

PASS is pleased to announce that it is sponsoring the marquee event of the [Federal Employee Education and Assistance Fund](#) (FEEA): the Feds in Motion 35 Challenge, kicking off May 2. FEEA is the only nonprofit that is dedicated to assisting federal workers. Since 1986, FEEA has supported more than 55,000 families from nearly every federal department and agency with emergency hardship loans, disaster relief grants, scholarships and childcare subsidies. PASS has previously sponsored FEEA's 5k race that kicks off [Public Service Recognition Week](#) (May 2–8, 2021). Because of the pandemic, FEEA is changing it up by issuing a challenge for federal employees to log 35 miles (biking, walking, running, swimming) in 35 days to celebrate FEEA's 35th anniversary. All proceeds from registration go to support FEEA's many programs. Let's get federal employees moving!
